

Etobicoke Quilters' Guild online Bingo!

We are planning a Bingo game using a bingo card made of fabric squares! How will this work?

- Members can make Bingo Blocks
 - See the instructions below and dig through your scraps and stash for 25 x 2.5" squares
- Members will use their Bingo Blocks to play with other members during an evening meeting via Zoom, and win prizes!
 - If you make more than one Bingo Block you can play two games at a time or give a Bingo Block to another member
- The Bingo Blocks will then be made into quilts for distribution through the Comfort Quilt program.

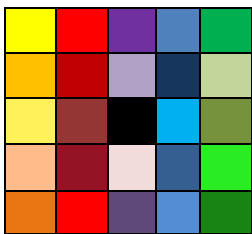

Instructions for making a Bingo Block:

- NOTE: You will do better in the game if you don't use a category more than once in a colour column.

Choose a from a variety of fabrics in the following categories:

batik, floral, geometric, heart, leaf, metallic (washable), holiday, novelty, paisley, plaid, solid, star, stripe, polka dots, a 1930's print, fruits/vegetables, or bugs/animals.

Cut: Number of 2.5" squares	Colour
5	Yellow or orange
5	Red
4	Purple or pink
5	Blue
5	Green
1	Black (plain or print)

Block assembly: Arrange columns of colours as shown (columns left to right: yellow/orange, red, purple/pink, blue, green)

After you have sewn your blocks together, press and sew a tacking line of stitching just in from the edge of the finished block to keep the seams intact.

14 Dec 2020 is Bingo Night at EQG Dec 2020 meeting
